

# Field Technician

Provide a unified level of interpretation to the visiting public and assist additional Field Technicians as they participate in the fun challenge of presenting a historically accurate picture of Manitoba 80 million years ago to the public while conducting tours. Tours may consist of museum guided tours outlining the content and history presented therein and dig site tours along the Manitoba Escarpment which may entail hiking and fossil excavation. It is the responsibility of the Field Technician to ensure tours are conducted safely and follow procedures concerning fossil handling. Possess diligence and creativity with gallery and exhibit maintenance and development. Must be able to work independently and cooperatively with others. Handle public relations well under all circumstances.

## Tasks:

- memorize museum content and procedures for conducting tours
- assist Curator with fossil excavation and preparation
- conduct exciting and informative dig tour safely and successfully
- keep gallery and exhibit space maintained
- assist with development and improvement of exhibits
- participate with promotion of CFDC in events and programs
- handle cash and public relations in Gift Shop when not conducting tours
- register booking for tours when needed and keep records organized
- maintain blog entries and prepare end of season reports

**Start Date:**           **May 5, 2008**  
**End Date:**           **August 29, 2008**  
**Hours:**               **35/wk**  
**Wage:**               **\$9.00/hr**

## Requirements:

- full time student returning as a full time student
- first aid and CPR certificates
- valid driver's license
- recommended to have one or more of the following courses: biology, geology, geography, anthropology, archaeology or paleontology
- experience working with the public and/or as an interpretive guide
- submit to a child abuse registry check and criminal record check

**Application Deadline:**           **March 7, 2008**  
**Interviews Held:**               **March 24 – April 4, 2008**
